FOR MORE INFORMATION . . . Please call Jim Braibish, 314-534-6015 or cell 314-570-3532.

Vision for Children at Risk since 1991 has mobilized the St. Louis community to work together to meet the essential needs of children through:

- **Research.** Nine editions of the *Children of Metropolitan St. Louis* report and the new *Children's Policy Forum* website give the most comprehensive data available to aid decision-making.
- **Collaboration.** VCR brings together child-serving agencies and the community to create programs and policies benefiting thousands of children and attracting millions in new funding.
- **Advocacy.** Educating and engaging community and civic leaders to make children a greater priority.

We make things happen for children!
