

Healthy Kids Day & Family Resource Fair 2016

Families enjoyed entertainment and food, and learned about supportive resources at the Healthy Kids Day & Family Resource Fair at the O'Fallon Park Recreation Center YMCA on Saturday, April 30. Home Depot helped children build craft projects, a magician performed tricks, and face painters decorated youngsters. Event sponsors included the St. Louis Family and Community Partnership, the YMCA, the St. Louis Area Council on Child Abuse and Neglect, and the Brown School of Social Work at Washington University. More than 30 community partners participated. The event was held in conjunction with April Child Abuse Prevention Month.
